vi. Approval and Authorization

Approval or authorization should be sought from the Chairman/Director before inviting suppliers to submit quotations and/or selecting suppliers for seeking quotations.

18. ENVIRONMENT & SUSTAINABILITY POLICY

The institute is fully cognizant of its responsibility towards the environment and its sustainability. It has taken up the cause of environment preservation with a missionary zeal. This is reflected the Commitment of Engagement (COE) submitted to United Nations Global Compact (UNGC), New York, of which the institute is also a Participating Member and Signatory. Taking this mission forward, the institute has also become a member of the United Nations Principles for Responsible Management Education UNPRME initiative of UNGC, New York. As a member of UNPRME, the institute has focussed on incorporating the knowledge of Sustainable Development Goals in the academic curricula. To spread awareness about UN SDGs, the institute has established three Student Clubs, namely JIMS Eco Club, JIMS Rotaract Club, and the National Service Scheme Unit. Besides, JIMS Community Radio 90.4 MHz also broadcasts programmes on this subject to spread awareness among community members.

Based on the COE with UN SDGs, the college is committed to the following:

- ✓ To protect the environment through the prevention of pollution and waste, and through the sustainable development, and maintenance and improvement of the natural and environment.
- ✓ To comply with all relevant environmental legislation, standards, agreements, policies and procedures demarcated by the central and state governments.
- ✓ To maximize sustainable resource use and minimize the use of hazardous substances.
- ✓ To protect and improve the biodiversity of the campus.
- ✓ To spread awareness about SDGs through research and teaching initiatives related to sustainability.
- ✓ To regularly audit our environmental performance in the areas of: energy consumption, greenhouse gas emissions, potable water consumption, waste to landfill, sustainable transport, and biodiversity.
- ✓ To make the campus plastic free to the extent possible. Abiding by the principle of green protocol, the institution insists on the use of cloth items replacing plastic made ones.

 OCF Pkt-9, Sec-B, Vasant Kunj, New Delhi-110070

- ✓ To make a provision for recharging of groundwater with rain water harvesting.
- ✓ To harness solar power this is a renewable resource.
- ✓ To make the campus paper free one to the extent possible by promoting electronic communication and records for academic and administrative purposes.
- ✓ To maintain a very strict and ecofriendly waste management mechanism.
- ✓ To reduce individual waste generation based on the waste management motto of the college: Reduce, Reuse and Recycle.
- ✓ To identify and enable the reuse of waste items wherever feasible, either internally or in association with third parties.
- ✓ To make efforts for onsite treatment options such as composting, bio-manure, for the recycling of solid waste and its reuse.
- ✓ To communicate the waste management policy of the college to all stakeholders.

19. E-GOVERNANCE POLICY

Informatization of processes and resources, wherever possible, has become the need of the hour. The outbreak of COVID has brought home this reality to all organizations. JIMS has always believed in system building and as the process of Informatization set in with the advances of IT, JIMS has turned to –Governance in a big way. In fact, the focus on the reduction of the use of paper, a scarce resource impacting the green cover of the Earth, has prompted us at the institute to embrace e-Governance in a comprehensive way. So, the e-Governance policy of the institute envisages the following:

- ✓ The ubiquitous employment of e-governance at various levels in order to provide simpler and efficient system of governance within the institution.
- ✓ The sharing of information about the institute with all the stakeholders and the general public through a dynamic website. The full profile of the college is provided on the official website of the institute, jimsd.org.
- ✓ All in-house communications are routed through the official email domain of jagannath.org.
- ✓ All HR activities are carried out through the official ERP, acadplusvk.in
- ✓ The ERP also serves the purpose of LMS, as all teaching learning based processes are reflected there. Besides, the ERP acts as an instrument of academic quality

Notice

Clean Campus Green Campus

All faculty, staff and students are hereby advised that they should observe the following guidelines to ensure that the campus of the institute remains always clean, green and plastic free:

1. For the disposal of the solid waste, the institute has installed two types of trash bins: one for wet trash and another for dry trash. All are requested to stash away the trash accordingly in each of these bins.
2. As plastic is one of the greatest menaces to the ecological sustainability, all must ensure that the campus remains plastic free.
3. To keep the campus always in a tidy condition, littering in the campus must be avoided at all costs.
4. As the preservation of trees is our joint responsibility, each one of us must reduce the quantity of waste paper. To this end, all must ensure the optimum utilization of paper sheets by using both sides of the paper. Furthermore, the paper sheets which have been used both sides and are no longer required must not be thrown into the trash bins, such paper must be kept aside and handed over to the admin department who will ensure its recycling through a third party vendor.
